

BECOMING a **BEHAVIOURAL DETECTIVE**

**There is always a reason
for the behaviour!**

Based on **Kim Barthel**, OTR's most prolific and well-attended workshop in her career, this online, recorded 10 hour series will provide a deeper understanding of why people do what they do. **90 day access to the recorded course + live participation in a 90-minute online Q&A session.**
NEXT Q&A SESSION: May 30, 2022

Identify the **neurobiology** of **"challenging"** behaviour.

Describe the **sensory contributions and interventions** for complex behaviour.

Explain the **impacts of developmental trauma and adaptive attachment patterns**

Recognize the life-long value of **co-regulation through relationship.**

Define challenges and interventions related to **executive functions.**

Recognize the dynamics surrounding **self-harm and aggression.**

Examine a **mindset of curiosity** that supports more **healthy, respectful and connected relationships**
